

BUILDING & CONSTRUCTION

Recommended Frames

801 Rhino

Plastic wrap goggle frame with foam insert and adjustable head strap providing greater comfort and secure fit. Rubberized eye seal provides exceptional protection against dust and other particles.

702 Ranger

Full coverage above, beside and underneath the eyes for extra safety against flying nails, wood splinters, metal fragments or finer particles created by cement mixing, sawing or chipping.

Recommended Lens Coatings

BPI TINT RAYBAN G15:
Transmits all colours evenly, reduces glares and brightens shadows.

XTRACTIVE TRANSITIONS:
Darkest tint in transition for outdoor work.

IOAC's Certified Prescription Safety Eyewear provide clear, distortion free vision with superior quality optics.

Our technicians offer the best suitable comfort and value to construction-workers, with anti-fog technology and a range of wrap-sealed safety frames, protecting against flying sparks, dust, dirt, sand and grit.

Our frames are durable and can withstand heavy impact, they have been ballistic tested and offer full guard against grinding fragments, arc flash, splinters and debris.
