

MINING

IOAC's Certified Prescription Safety Eyewear designed to deliver clear, distortion free vision with superior quality optics.

Our technicians offer the best suitable comfort and value to mine-workers, with anti-fog technology and a range of wrap-sealed safety frames, protecting microscopic and semi-microscopic particles. Workers in mining environments can now have peace of mind knowing their eyes are taken care of with IOAC.

1273 Lismore Road, Clunes NSW 2480

Recommended Frames

607 Viper

Modern wrap styling protects without the need for side shields. Made with anti-slip temples and a robust design.

609 Ethan

Plastic wrap frame with sealed foam to the face, full protection against dust, mud, dirt and chemical splashes.

Recommended Lens Coatings

BPI TINT YELLOW:

Total acuity in vision for low-light environments

BPI TINT RAYBAN G15:

Transmits all colours evenly, reduces glares and brightens shadows.
