

UTILITIES

Recommended Frames

604 Jack Herbert

Modern plastic wrap frame, moulded to the face, leaving no gap for microparticles to harm the eye. Anti-slip temples, sleek design made to fit under helmets.

609 Ethan

Plastic wrap frame with sealed foam to the face, full protection against dust, mud, dirt and chemical splashes.

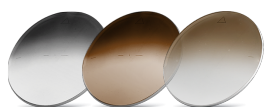

Recommended Lens Coatings

EXTRA TRANSPARENT TRANSITIONS:
Darkest tint in transition for outdoor work.

POLARISATION:

NuPolar lenses block blinding glare, enhance visual acuity and colour. Block 100% of harmful UV exposure.

IOAC's Certified Prescription Safety Eyewear provide clear, distortion free vision with superior quality optics.

Jobs in various utility industries can present very real dangers when it comes to eye safety, with hazards including electrical faults, welding, arc flash, extreme heat and UV exposure.

IOAC are here to protect the eyes of these workers, with durable frames and lenses that are comfortable and have secure fit.
